

Certificate Inspection of welding process according to EN ISO 3834

SGS-3834-2-PL-25-01-2022-0112

It is hereby certified:

TIOMAN Group Sp. z o.o.
Ostaszewo 57E
87-148 Łysomice
Poland

complies with the requirements for the performance of welding works in terms of:

PN-EN ISO 3834-2 - Quality requirements for fusion welding of metallic materials
Part 2: Comprehensive quality requirements

Scope of assessment:

The scope of the assessment, as well as all other details
are included in the annex to the certificate
and audit report,

Audit report no.
SGS-111/2025

The evaluation was based on:
Certification program SGSPL/INDIV/3834-01

Validity Period: from 18.07.2025 to 17.07.2028

This certificate was first issued on 26.07.2022
and remains valid as long as the welding supervision personnel and manufacturing
processes have not changed significantly and provided that it is not suspended
or withdrawn by the certification body.

2nd edition dated 24.07.2025

SGS SGS SGS

Attachment No. 1 to the Certificate Inspection of welding process according to EN ISO 3834

The SGS logo is a stylized, bold, lowercase 'sgs' with horizontal lines through the letters.

It is hereby certified:

TIOMAN Group Sp. z o.o.
Ostaszewo 57E
87-148 Łysomice
Poland

Certificate **SGS-3834-2-PL-25-01-2022-0112** refers to the scope of certification:

Type of product	Steel and aluminum constructions
Scope of work	Manufacture
Product standards/ alternative specifications	PN-EN 1090-2, PN-EN 1090-3
Welding methods according to EN ISO 4063	135, 136, 141
Parent material groups according to ISO/TR 15608	1.1, 1.2, 8.1, 22.3
Responsible welding coordination personnel according to EN ISO 14731	Fulfilled requirement 6.2.2 – Personnel with comprehensive level of competence

Certification program SGSPL/INDIV/3834-01 edition 1 dated 15.03.2021

2nd edition dated 24.07.2025

Audit report no.
SGS-111/2025 dated 18.07.2025
